Summer Offerings 2023

Summer 2023-What an excellent time for students to make academic gains! Spring testing for school year 2022-23 revealed skills gaps for many students. June and July are the perfect times to reclaim academic success.

QuesTECH Learning has provided programs not only to meet but also to exceed the academic expectations of students by creating “I can” moments since 1997. Let QTL work with your family to ensure readiness for the school year 2023-24.

1:1 Tutoring

If your children have struggled in reading, math, or language, work with QuesTECH Learning's professionals as they help students master all-important skills and build confidence.

Mondays-Thursdays, 8:00 A.M.-5:00 P.M.; \$35 hourly

Jump Start Groups

QuesTECH will offer not only one-on-one tutorials at \$35 hourly but also 3-member group sessions at \$30 hourly per group member. Separate groups will address reading, language, and/or math.

Orton-Gillingham

Orton-Gillingham certified practitioner will offer small group and individual sessions in Orton-Gillingham, a multisensory reading approach, which is a direct, explicit, diagnostic, and prescriptive way of teaching literacy when reading, writing, and spelling are struggles for, but not limited to, those with dyslexia.

Individual sessions: \$55, Group sessions: \$45

Speed Reader

Speed Reader improves speed, comprehension, and confidence for 6th grade-adult students. Speed Reader is especially effective for timed tests including ACT or SAT.

Ten one-hour sessions scheduled at student's convenience, \$250

Credit Recovery

QTL provides credit recovery in any subject during the summer session.

Parents must secure permission from their children's school to schedule credit recovery classes.

Please call for cost, which is dependent upon semester hours required.

MakerSpace Workshops

If your children, grades 4-6, need fun and educational activities this summer, these MakerSpace workshops are perfect since they emphasize STEAM: science, technology, engineering, art, and math.

Students complete 1-2 projects daily.

(June 12-15 OR July 10-13, 10 A.M. to 12 noon. Cost: \$150 per student)

If you do not see a program for your children, please contact QuesTECH Learning, Conni Broadnax, Donna Underwood or Kevin Branson will gladly design summer enrichment and/or remediation programs to meet your children's individual needs.

QuesTECH Learning
